STATEMENTS WERE MADE BY CER TAIN TEMPERANCE PEOPLE

DENVING THIS. ASSERTIONS WERE ANNOYING.

More Than That, the Doctor Says They Hurt His Business and He Will Try to Recover Damages.

(From the Buffalo Evening Times.)

The suits recently instituted by the World's Dispensary Medical Association of this city against certain propagandists of the W. C. T. U. and others had their origin in a conflict of statement which was at once annoying to Dr. Pierce, the president of the above association, personally, and injurious to his business interests. and "Golden Medical Discovery" that these medicines contain no alcohol, and are absolutely free from opium, cocaine and all other narcotics. It is generally known that most PLACES TAKEN OUT put-up medicines contain a large quantity of alcohol, and that in other cases liberal use is made of opium. cocaine or other narcotics, the continual use of which is disastrous to body and mind. It was supposed, therefore, that temperance leatlers, especially the women, would recognize the fact that the non-alcoholic and non-narcotic character of Dr. Pierce's medicines gave them a prior claim to the attention of all those engaged in fighting the use of alcohol. But instead of this, certain leading temperance women sent out pamphlets in which they assumed to give the formulas of Dr. Pierce's medicines, and claimed that they contained both alcohol and opium.

In self-protection and in order to publicly nail this outrageous falsehood, there was only one thing to do -bring suit against the authors of the libelous statements. This the Doctor at once proceeded to do.

The Ethical Point of View.

From an ethical point of view the most curious feature of the case is that the statements as to the alcoholic and narcotic ingredients contained in the medicines were made without first making any analysis of the medicines, and were based upon the false formulas published in the interests of parties antagonistic to Dr. Pierce's business. The publishers of these

The injury to Dr. Pierce's business from the circulation of such statements as were made in the pamphlets above referred to can readily be understood. It was natural that the derstood. It was natural that the temperance people to whom these pamphlets were addressed should believe in the statements of their own leaders, and accept the fact that the selvertising of Dr. Pierce was flagrantly false. As a matter of fact, the falsehood was entirely on the other side, and Dr. Pierce was quick to support the claims of his advertising by an offer of \$1,000.00 for each and every bottle of the medicine which on analysis showed the presence of alcohol or percetics

Big Staff of Doctors.

Any one who had acquaintance with Dr. Pierce and the well-known institution, the Invalids' Hotel and follows: Surgical Institute, of which he is chief consulting physician, would have known better than to attack his advertised statement, even though published fornulas seemed to controvert his claims. As one of the largest advertisers in the United States, Dr. Pierce has also a reputation for the utmost exactness of statement. If Dr. Pierce says that he has nearly a score of associate physicians on his staff, you may be certain that you will find from eighteen to twenty physicians working with him, the indefinite statement being made because of occasional changes which do not honestly permit him to say "there are always twenty physicians on the staff." If the claim is made on behalf of Dr. Herre's Golden Madical Discussional changes I are the classified service commission shall thereupon grant a certificate of qualification, upon such evidence as may be satisfactory to it, that the person so nominated is eligible for and may be appointed to such position by reason of his age, health and moral by reason of his age, health and moral transferred to any other position in the classified service commission shall thereupon grant a certificate of qualification, upon such evidence as may be satisfactory to it, that the person of his age, health and moral by reason of his age, health and moral transferred to any other position in the classified service commission shall thereupon grant a certificate of qualification, upon such evidence as may be satisfactory to it, that the person of his age, health and moral to such position by reason of his age, health and moral to such position by reason of his age, health and moral to such position by reason of his age, health and moral to such provides to such positions and the person so nomination, the civil according to the person so nomination, the civil according to the person so nomination, the civil according to the person so nominated to such person so nominated to such position by reason of his age. you will find from eighteen to twenty of Dr. Pierce's Golden Medical Discovery and "Favorite Prescription." that they contain no alcohol and are free from narcotics it may be depended upon that the statement is exactly true. It is the same in reference to follows. other matters pertaining to the World's Dispensary Medical Association. Nothing is overstated, and requirements of enormous business as much to his absolute integrity of word and deed, 1. In a recent interview Dr. Pierce said with reference to the suits at present being prosecuted: "We are of the eight executive departments. determined to stop the publication of | 3. Not exceeding one private secretary or the false formulas of our medicines.

Formulas Never Right.

"These formulas are never even approximately right, and generally

this book, among the formulas of other medicines, are given what purport to be the formulas of Dr. land office, the commissioner of Indian affairs, the commissioner of patents, the commissioner of education, the assistant attorney general for the Interior Departport to be the formulas of Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription.' Not one of the medicinal ingredients named in these false formulas enters into the and 'Favorite Prescription.' Not one these false formulas enters into the composition of Dr. Pierce's medicines. There is no excuse for such scoundrelism, and no explanation of it except original sin. This man has a laboratory at his disposal; he could have had an analysis made had he wanted one. He probably did not want one. A lie was easier than the truth, and a great deal handier for his purpose.

"It would be interesting to know how far the rest of his book may be relied upon. If the remainder of the information it supplies is as utterly unreliable as these formulas, it will be a case of 'the blind leading the blind' to fall into the ditch. As it is, a casual glance at the book recalls that famous remark, made concerning another of the brotherhood of 'stuffed prophets'-'The gentleman relies upon his imagination for his facts and

upon his memory for his wit.' "We are going after this kind of man. We are going to show up the unprincipled liars, who lend the name For some time the advertisements of and influence of an honorable pro-Dr. Pierce's Favorite Prescription fession to give weight to the falsehoods they utter.
